THE CHINESE MAIL ( Wah Tsz Yat Po. ) THIS paper is now issued every day. The subscription is fixed as fire Dollars per annum delivered in Hong-

kong, or Eleven Dollars Forth Cents inoluding postage to Coust portage It is the Birst Chinese Necespaper ever issued under purely native direction. The chief support of the paper is of course derived from the native community. amongst whom also are to be found the guarantors and securities necessary place it on a business and legal footing. The projectors, basing their estimates upon the most reliable information from the various Ports in China and Japan, from Australia, California, Singapore, Penang, Saigon, and other places frequented by the Chinese, consider themselves justified in guaranteeing a large and ever increasing circulation. The advantages offered to ad-

vertisers are therefore unusually great, and the foreign community generally will find it to their interest to avail themselves of The field open to a paper of this description conducted by native efforts, but progressive and anti-obstructive in toneis almost limitless. It on the one hand commands Chinese belief and interest while on the other it deserves every aid that can be given to it by foreigners. Like English journals it contains Editorials. with Local, Shipping, and Commercial News and Advertisements.
